

MX R38 Front Linkage

£POA

MX R38 front linkage is a cost effective way to achieve your tractor's full potential! To compliment the tractor's rear linkage, MX front linkages offer the ability to also fit front mounted implements. A winning combination that saves time, reduces costs and increases user comfort. Now with cast pivot frame: Strong, rigid structure with cast pivot frame. Versatile twin arm working position; standard, or 100mm extra lift height. Compatible with MX power take off (PTO). Please give us a call for more information.
