

Tru Test EziWay 7i

£POA

With the capability to record information against Electronic ID (EID) or Visual tags, you can easily capture and analyse individual animal performance and history. Replacing guesswork with facts, the EziWeigh7i displays live weight gain since the previous session, showing animal performance right there in the yard.

Using its built-in Bluetooth® technology, the EziWeigh7i wirelessly connects to Tru-Test's EID readers, automatically transferring scanned ID's straight into the weigh scale, saving time and
