

Ambrogio 4.36 Elite

£POA

HIGH PERFORMANCE LARGE AREA MOWING

A powerful 10.35Ah battery paired with solid 36cm blade gives the 4.36 the largest cutting capacity in our NextLine range. This large chassis version is capable of regularly mowing and maintaining up to 6000m2 with a smooth contoured finish. The jointed deck design pivots to follow undulations in a lawn and maintain equal traction between both drive wheels at all times; even on slopes.

Thanks to the Georence Alarm, the system makes it possible to warn the user when the robot leaves the garden area. This way, you will always be aware of the movements that your Ambrogio 4.0 makes. Additionally it is fitted with a state-of-the-art anti-theft system.

Fleet Lane, Bredon, Tewkesbury, Gloucester, GL20 7EF

Adjusting the cutting height has never been easier. The 4.36 has motorised cut height adjustment so changing it is simple and precise. ZCS technology is more user friendly and interactive: enabling the easier management of your lawn in a completely autonomous manner. Always,
