

Arrowquip Q-Catch 54 Series

£POA

The new Q-Catch 54 Series cattle crush is Arrowquip's answer to the needs of smaller cattle farmers and cattle operations. In a market that rarely improves to meet the needs of small farmers, the new 54 Series cattle crush emerges as a safer, easier way for producers to manage their livestock at an affordable price point for any operation.

The 54 Series provides the access, durability, and quality that cattle producers rely on. While you may not need a heavy-duty cattle crush or one that can take big numbers, you still need a cattle
