

Dodson and Horrell Sixteen Plus Mix

£18.73

Dodson & Horrell Sixteen Plus Mix is ideal for older horses and ponies that are starting to lose weight or condition, whether they are active or retired.

If your horse or pony is continuing to do well on his current diet, we recommend you continue feeding this until he needs a veteran-specific feed.

Dodson & Horrell Sixteen Plus Mix is high in fibre and oil while being a good source of quality protein for encouraging muscle tone.

With added antioxidants, yeast, glucosamine and MSM for musculoskeletal support.
