

# EGO 1400E-ST Strimmer

**£179.00**

Solving one of the biggest frustrations of line replacement, EGO's ground-breaking Powerload™ technology automatically loads the line into the trimmer head. Just thread the line, press the Powerload™ button and let the tool do the rest.

Featuring a 35cm cutting width, the ST1400E-ST is supplied with a 2.4mm line diameter and cuts in a clockwise rotation. Variable speed settings mean that you can increase the power when you're tackling a particularly tough patch, and you can replenish your line when needed thanks to

## Product Details

<b>Category/Type</b>	<b>Garden Machinery</b>
