

EGO ST 1301E-S Strimmer

£255.00

Trim with power and control. Introducing the ST1301E-S cordless line trimmer kit from EGO Power+. This model features a 33cm cutting width, perfectly suited for smaller gardens, and is built with a practical bump feed head, meaning you can replace your line as you work. The efficient and powerful brushless motor allows you longer run times, and can be fitted with any size EGO battery to keep you going for as long as you need.

The soft-start function of the motor means extended life, plus a smoother experience when firing
