

Gallagher 1.55m Horse Post White

£4.16

Horse posts are very durable plastic posts from Gallagher with a height of 1.55 m. These plastic posts are particularly suitable for semi-permanent horse fences, but are also suitable for other animals. The practical stirrup foot step allow the posts to be easily and quickly set up in the pasture and pressed/stepped into the ground. The Twist & Lock system allows for easy and stable attachment of the power posts. With this system, pasture fence construction becomes child's play!
