

# Gallagher Gallagher S40

**£312.50**

Available for special order

The S40 is the ultimate mobile energiser for short fences up to 15 km (single wire, no vegetation). The energiser is supplied with a rechargeable battery and solar panel. The S40 is quick and easy to install and convenient to transport. This robust and highly mobile energiser offers an excellent alternative to battery-powered systems. In addition, this energiser has a mains charging function, allowing the energiser to be charged from mains power when there is

Light and handy, the unit is easy to transport and install anywhere.

Daylight: the term 'solar device' may be a little misleading, because this device also works perfectly in normal daylight (without sun). What's more, it even works for up to 3 weeks without direct sunlight!
