

Grasshopper 124P-48

£6,195.00

NEW, Shopsoiled... Grasshopper 124V 48" rear discharge zero turn mower. Offers a compact design ideal for tight areas of mowing. This machine is fitted with a 24hp Briggs and Stratton extended life series engine and offers top quality mowing at a very competitive price. Experience zero turn mowing and increase your output by up to 30% but just using around 10% of the effort compared to a conventional steering wheel type mower. Available in stock. This machine is currently priced at £2000 under the price of a current new unit !
