

Grasshopper 325D Zero-Turn Mower

£POA

The 325D mower model delivers ample power to handle any job, commercial or residential, along with the efficiency, fuel economy and low maintenance you need to maximize profitability and reduce costs. Deck size is 132cm or 155cm. Liquid-cooled Kubota diesel engine. QuikAjust allows raising and lowering of the deck easily with foot pedal and drop pin for precision cutting heights between 1.0 and 5.0 inches. Centred-bearing design provides greater load-bearing capacity to handle the weight of operator, fuel and high-capacity collector with reserve strength for curb shocks and weight shifts. Tough as nails power-coated finish is fusion-bonded for chip
