

Kidd TWY 340 S6TH Post Knocker

£POA

Kidd Farm Machinery's TWY 340 Post Driver Range comes with a choice of manual or hydraulic control or part manual or part hydraulic, and can swing to either side of the tractor.

No need to leave the mast foot on the floor to drive in larger posts. Lift the mast up and use the advantages of the taper weight system.

All models will swing round through 180° manual swing round have latched stops along the way.

Folds neatly behind the tractor for transport.
