

Logic LSH200 - Super Harrow

£POA

Features Einbock technology which pioneered organic weeding and plant stimulation. Grass paddocks are rejuvenated by the action of combing, to aerate the soil surface and remove dead grass. The 2.0m width allows fast work rates and features adjustable tine settings for various conditions and easy transport. This model comes with a 12V electric ram for remote and simple raise and lower and can be used behind all types of vehicles. Please give us a call for more details.
