

Merlo Cingo M500

£POA

Merlo Cingo M500 walk-behind tipper dumper; petrol engine; 5.5PH; 500kg max capacity; 690mm width benefits from manual parking brake and optional hour counter and tachometer digital display. It is particularly compact and safe and provides the features of a higher class, like the orbital hydraulic motors for maximum traction and the over-centre valve that allows the speed of the machine with a load to be controlled going up and downhill. Come and view at our yard. The rest of the range, available to order covers: dumper with self-loading loader and agricultural small dumper/transporter.
