

TBG 520 SL EPS Quad Bike

£5,832.00

Blade 520SL EPS all-terrain quad bike has been developed to be ideally used in agricultural situations. It has a 503cc fuel injected engine producing 39hp, selectable two or four wheel drive, automatic transmission with a diff lock and an automatic clutch. Now available with EPS (electric power steering), which can be registered for road use and is a real game-changer in tackling rugged terrain. Contact us for availability, price and finance options.
