

Vicon Extra 332 Express Mower

£POA

Vicon EXTRA 300 rear mounted disc mower range boasts an extensive working range of 3.18m with corresponding weights of 840kg which means the machines can be operated with tractors starting from only 50hp, making these very attractive machines for farmers with smaller tractors, who still needs to cut substantial areas. Paired with the EXTRA 328F or 332F front mounted machine the joint working width is up to an amazing 6.8m. THE ADVANTAGES: Available with hydraulic spring adjustment. Non-Stop break-away. Up to 125 Vertical Transport Solution. Centre suspension. 540/1000 RPM gearbox. Fully welded EXTRA cutter bar with triangular discs. Please
