

Vicon Fanex 554H Tedder

£POA

Productivity at the Core. With a 5.5m working width, 4/7 tines & 620kg weight, the Fanex 554 is designed to perform perfectly in all crop conditions, with a minimum of non-productive maintenance required and with diminished transport dimensions. Featuring a heavy duty fully closed headstock this machine will fit perfectly into the operation of professional farmers, looking for a strong, effective, and versatile tedder. These tedders are fitted with a high performance driveline combination. The complete driveline is maintenance-free, and offers highly reliable transfer of power, combined with extremely compact transport dimensions. THE ADVANTAGES:
