

Vicon SC5216 SC14 Baler

£31,500.00

The RV5216SC14 features the patented PowerBind net and twine wrapping and Intelligent Density 3D software package for easy selection of bale density. This model offers truly intelligent baling with a clean raking 2.2m 5 tine bar pick-up, choice of intake system, programmable 'multi chamber' bale density system and user friendly ISOBUS compatible controls. This version offers bale diameters from 1.2m up to 1.65m respectively. The bale diameter is easily adjusted through the control terminal. Ask about ordering through us. POA
